We had a great turnout for the D21 NAP Finals held on Bridge Base Online in November. A total of 38 pairs competed in Flight A, with 20 moving on to play on day two of the 4 session event. Flight B and C were both two-session events with 58 pairs competing in B and 34 competing in C. The ability to hold the event online encouraged 24 additional pairs to participate in the two lower flights, when compared with the numbers participating in January of 2020 – pre-pandemic. Thanks to all who participated!

Thank you to our two D21 Tournament Directors, Lynn Yokel and Greg Vance, for the outstanding job running the event online! Once all participants were online and registered (wink, wink) the games ran very smoothly.

Congratulations to all the pairs who qualified for the National Finals to be held at the Reno NABCs in March 2022! Here is the list of qualifiers:
