We had been getting grants from the ACBL. That has changed and we are now getting grants from the ACBL Charity Foundation. The ACBL Charity Foundation only approves non-bridge related charities. Bridge-related charities go through the ACBL Education Foundation.

I thought that we were getting a \$10,000 grant in 2026 but so far no grant has been made.

In the past, District 21 would give a charity grant in years when the ACBL did not give us one. The current executive committee would rather give to bridge-related charities and activities. They just add those to the budget.

So for now, we have no charity funds to allocate.

If anyone knows when District 21 will be getting a grant from the ACBL Charity Foundation please let me know.

Jeffrey Hack, Charity Chair
